CHAPTER 2 – GAME RULES

2.04J – SUM IT UP™

- A. Sum It Up is an add-on game feature to the *Pick 3* and *Pick 4* draw games and offers the player another opportunity to win prizes by matching the sum of the selected numbers on the tickets to the sum of the numbers drawn.
- B. A Sum It Up play is a separate play from the *Pick 3* or *Pick 4* play. The Sum It Up game is offered to players at an additional cost on top of the price of the specified draw game ticket. The actual cost of the Sum It Up game will be the same cost as the specified draw game ticket (i.e., for a \$1.00 draw game wager, the cost of the Sum It Up game will be an additional \$1.00).
- C. Sum It Up can be played for both day and evening drawings for *Pick 3* or *Pick 4* and can be added to any of the play types. If Sum It Up is selected, it will be applied to every wager produced by the playslip. If a playslip contains more than one play, then each play will produce a separate ticket.
- D. If selected, the words “Sum It Up” and the sum of the numbers played will be printed on the ticket.
- E. Prizes won depend on whether the play is for \$.50 or \$1.00, as well as the odds of winning for the sum. The odds of matching some number combinations are greater than others. Prizes associated with winning Sum It Up numbers are detailed below:
